

Codification of City Ordinances

- * Organizes your ordinances
- * Quickly indexes topics
- * Updates your code

Ordinances are codified by subjects rather than by dates. This allows the most current ordinances on any subject to be readily available.

Also, the index provides for quick access to the entire code. Your Municipal League has over 100 Arkansas cities and towns under codification contract.

Our Procedure

- ✓ First draft is prepared to include your city's ordinances.
- ✓ Second draft is prepared from your corrections.
- ✓ Final copy is assembled in black binders with the name of your city.

Cost

- ✓ Large First Class Cities (15 binders)—\$6,000
- ✓ First Class Cities (12 binders)—\$3,600
- ✓ Second Class Cities (8 binders)—\$1,600
- ✓ Incorporated Towns (7 binders)—\$1,050
- ✓ One-half payment is due at the beginning and the rest after the completed project. Extra binders may be ordered at any time.
- ✓ Supplemental pages for updating—\$10 per codified page.

Having your city ordinances codified to a single book is like “carrying a miniature city hall” with you.
