Dispensing (Quantity) Limits

How do Dispensing (Quantity) Limits work?
Dispensing restrictions can be placed on specific drugs that may limit (1) # of units/Rx, (2) # of units per timeframe, or (3) # of units/day.

Purpose:
To promote safe and effective medication therapy and to reduce the likelihood of wastage.

Example(s): (new for 1/1/2018)
• Men’s Health – oral medications used to treat Erectile Dysfunction (ED) will be limited to 4 pills/month. The “daily” form of Cialis (2.5mg, 5mg strengths) will be excluded from plan coverage.
Step Therapy

How does Step Therapy work? Requirement that the presence of a specific drug and/or condition exists before a particular drug can be used.

Purpose: To promote appropriate and cost-effective drug therapy in a step-wised fashion.

Example(s):
Respiratory Agents – Advair, Dulera, Symbicort and Airduo (new for 1/1/2018)

How does Exclusion work?

In an effort to provide the most cost-effective drug therapy to Fund participants, drugs are evaluated based on their safety and effectiveness as demonstrated in the peer-reviewed published literature. An evidence-based approach is used to help steer the Fund’s drug coverage policy. Therefore, drugs not meeting certain standards are recommended for exclusion by the Fund.

During the vacancy, the remaining Trustees shall have the power to act pursuant to the provisions of this Declaration, provided, however, no act or decision may be made without the consent or approval of a majority of the total number of Trustees.

D. Meetings of the Trustees shall be held at the call of the Administrator or any three (3) Trustees. A majority of the Trustees shall constitute a quorum for the transaction of business. All decisions of the Trustees shall be made by the vote of at least a majority of the quorum of Trustees.

E. Trustees may be removed for cause by majority vote of the Trustees but only after the Trustee is given notice of the possibility of removal and an opportunity to be heard during a Trustee meeting.

PART VI. TERMINATION OF THE TRUST

A. This Trust shall terminate under any of the following circumstances:

1. Upon notice of termination in writing to the then participating Members by the Trustees of the Fund.

2. Upon notice of termination in writing to the Trustees by all the then participating Members.

3. At such time as the total number of covered Member Employees shall become less than 600.

B. Upon termination of this Trust, the Trustees shall distribute to the then participating Members in shares proportionate to their contributions any funds which they have in their hands or which they may receive after such termination by virtue of this Trust.

PART VII. WITHDRAWAL FROM THE FUND

Any Member may terminate its connection with the Fund upon giving thirty (30) days' notice in writing to the Trustees of such intention to withdraw. Upon withdrawal, Members
monetary reserves remain in the Trust unless the Trust is terminated as provided for in Part VI of this Declaration.

PART VIII. ADMISSION TO THE TRUST (FUND)

Members shall be admitted as parties to this Fund upon written application for benefits under said Fund and by entering into a Participation Agreement with the Fund. The Fund Administrator shall have the authority to execute on behalf of the Trustees such Participation Agreement and any other documents related to a Member becoming a party to the Fund.

PART IX. AMENDMENT OF DECLARATION

This Declaration may be amended by a majority vote of the entire number of Trustees or a majority vote of the City or Town Members who are parties hereto, except that the general purposes of the Trust shall not be changed.

PART X. SITUS AND CONSTRUCTION OF TRUST

This Declaration and all questions pertaining to its validity, construction and administration shall be construed under and regulated by the laws of the State of Arkansas and where applicable, federal law.

MUNICIPAL HEALTH BENEFIT FUND
PARTICIPATION AGREEMENT

EXHIBIT A

ELIGIBILITY REQUIREMENTS

Since all eligible employees must be offered coverage, the City’s participation in the Fund is expressly contingent upon the City’s continued compliance with the following Eligibility Requirements:

The Eligible Class of employees who may be Covered under the Fund includes all employees of the City in any of the following classes. The City must include employees in Class 5, and may elect to include employees in the other classes, as part of the Eligible Class.

Class 1 - Active elected officials
Class 2 - Members of boards and commissions
Class 3 - Volunteer firefighters (See below for further details)
Class 4 - Auxiliary police
Class 5 - All full-time active employees of the City who work at least thirty (30) hours per week.
Class 6 - Retired members age 55 or over (See Retiree Coverage for further details)

For each class to which it offers benefits, the City must meet the following criteria:

1. All eligible Employees have been offered Coverage, and

2. A list of all eligible Employees accepting Coverage has been submitted to the Fund, during an Open Enrollment Period and/or in the event of a Change of Status Event such as new hire, birth of a child, or divorce; and

3. Seventy-five (75%) percent of all eligible Employees elect Coverage under the Fund, and

4. A list of all eligible Employees opting out of Coverage, along with proof of Coverage through a Spouse, Medicare and/or another carrier has been submitted to the Fund during an Open Enrollment Period or at the time of qualifying Change of Status Event.

Volunteer Firefighters (Class 3)—to qualify for Coverage under the Fund, volunteer firefighters must actively participate in more than:

- 50 percent of fire calls.
- 50 percent of training sessions.
- Verification of participation must be certified in writing under penalty of perjury by the Fire Chief.
- Certification must be submitted to the Fund each year on or before December 31.
MUNICIPAL HEALTH BENEFIT FUND
PARTICIPATION AGREEMENT

If the City offers Coverage to any of the Classes 1 through 4, then the Coverage must be
eroferred to all members of the class. When Coverage is offered to a class, the City shall require all
members of that class to sign up for the Coverage or submit a refusal form. A minimum of seventy-
five percent (75%) of classes 2, 3 and 4 must sign up for Coverage, or none of the class may be
Covered. Those persons in Classes 2, 3 and 4 who are eligible for Medicare are excluded from the
seventy-five percent (75%). The City must maintain Coverage on seventy-five percent (75%) of
each participating class (2, 3, 4 or 5) for Coverage to continue.

The City must offer medical Coverage to all eligible Employees working thirty (30) hours
or more a week and must ensure that the Employee’s share of the premium is affordable. The City
may use one of three “safe harbors” allowed by IRS regulation to determine affordability. The W-
2 wages safe harbor is most frequently used. It is satisfied if the City ensures that the Employee’s
share of the premium does not exceed 9.5 percent of the Employee’s current W-2 wages for the
cost of employee only (single) coverage for full-time active employees. Other safe harbors are (1)
the rate of pay safe harbor, and (2) the federal poverty line safe harbor. If the City meets the
requirements of the safe harbor, the offer of coverage is deemed affordable for purposes of Code
section 4980H(b) regardless of whether it is affordable to the Employee under section 36B of the
Code.

Medicare, Classes 1 through 4 are not eligible for the medical Coverage provided under the
Fund if they are eligible for Medicare.

Active elected officials (Class 1) who are on Medicare are eligible for dental, vision, drug
card and hearing aid Coverage. However, enrollment in all parts of Medicare, Parts A, B and D,
is required for active elected officials (Class 1) choosing to continue Coverage under the dental,
vision, drug card and hearing aid Coverage benefits. However, seventy-five percent (75%) of each
participating class (2, 3, 4 or 5) must participate for Coverage to continue.

New Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: General Information
When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?
The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?
You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?
Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.¹

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer–offered coverage. Also, this employer contribution —as well as your employee contribution to employer–offered coverage— is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?
For more information about your coverage offered by your employer, please check your summary plan description or contact: Municipal Health Benefit Fund, P. O. Box 188, North Little Rock, Arkansas 72115, 501-978-6137, or see www.arm1.org/mhbf.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

¹An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs. The Municipal Health Benefit Fund plan exceeds the minimum value standard.
PART B: Information About Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

### Important Questions | Answers | Why This Matters
--- | --- | ---
What is the overall deductible? | $500, $1,200, or $2,000/individual; or $6,000/family | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible? | Yes. Preventive care services are covered before you meet your deductible. | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at [https://www.healthcare.gov/coverage/preventive-care-benefits/](https://www.healthcare.gov/coverage/preventive-care-benefits/).
Are there other deductibles for specific services? | No. | You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan? | For network providers $4,000 individual / $8,000 family; for out-of-network providers there is no limit. For pharmacy providers $2,600 individual / $5,200 family | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit? | Copayments, deductibles, premiums, balance-billing charges, penalties for failure to precertify, out-of-state and out-of-network care and health care this plan doesn’t cover. | Even though you pay these expenses, they don’t count toward the out-of-pocket limit.
Will you pay less if you use a network provider? | Yes. See [www.arml.org/services/mhbf](http://www.arml.org/services/mhbf) or call 1-501-978-6137 for a list of network providers. | This plan uses a provider network. You will pay less if you use a provider in the plan’s network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider’s charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist? | No. | You can see the specialist you choose without a referral.
All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost-sharing amounts (deductibles, copayments, and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
