

# Municipal Employee Defensive Driving Program

Motor vehicle accidents are the No. 1 cause of occupational fatalities, and most employees never receive any type of defensive driving training.

The Arkansas Municipal League recognizes the importance of driver safety training and has collaborated with the National Safety Council to help member municipalities that participate in the Municipal Vehicle Program reduce the chance of injury and death.

## Program Highlights

- The Arkansas Municipal League is an NSC-certified training center.
- The program facilitator, Allen Green, is a certified safety professional, experienced in NSC driver training.
- The course takes less than a half-day.
- The facilitator can present training at League headquarters or travel to your city.

To utilize the League's new NSC Defensive Driving Program for municipal employees, contact Allen Green at 501-374-3484, ext. 122, or email [agreen@arml.org](mailto:agreen@arml.org).

# Municipal Police Defensive Driving Program

Every day, police officers across Arkansas face a variety of personal risks to help keep their communities safe. One of the most hazardous activities is the operation of a police vehicle. Driving situations that put police and citizens in harm's way include excessive speed, distracted driving and not clearing intersections during pursuit operations.

The Arkansas Municipal League recognizes the importance of police officer driver safety training and has implemented a program to help member municipalities that participate in the Municipal Vehicle Program reduce the chance of injury and death. More than 1,500 Arkansas police officers have already benefitted from this training, and participating police departments have seen up to a 20 percent reduction in police vehicle accidents.

## Program Highlights

- The program facilitator, Marcus Paxton, is a retired Arkansas law enforcement officer and certified law enforcement trainer with experience in crash investigation and policy development.
- The facilitator is a certified instructor for the Arkansas Commission on Law Enforcement Standards and Training.
- Training takes less than four hours.
- The hands-on training incorporates the state-of-the-art 550LE driving simulator. The 550LE is a single-operator unit with a three-screen configuration producing a realistic 190-degree field of view. The simulator offers the ability to replay police vehicle accidents.

To utilize the League's new NSC Defensive Driving Program for police officers, contact Marcus Paxton at 501-374-3484, ext. 110, or email [mpaxton@arml.org](mailto:mpaxton@arml.org).
